318065	1" White CAMLEX 20' Length	1-1/8"	0.125"	3.38	\$44.68

STANDARD TERMS AND CONDITIONS

SPECIFICATION AND LISTING - CAMLEX tubing is manufactured in accordance to ASTM F876 and ASTM F877 and carriers applicable NSF®, UP Code, and cNSF® (CSA B137.5) listings. All CAMLEX tubing is produced in copper tube sizes (CTS) with SDR-9 class, rated at 160 psi at 73° F, 100 psi at 180° F, and 80 psi at 200° F.

CAMLEX PEX Storage Information

- Like most plastic materials, all cross-linked polyethylene is subject to ultraviolet (UV) deterioration and should not be exposed to sunlight. Storage outside is not recommended by Cambridge-Lee Industries, LLC., but if this becomes necessary, the tubing must be covered with a material which will protect the PEX from ultraviolet light. Failure to do so will void product compliance.

CAMLEX PEX Cutting

- CAMLEE PEX can be easy to cut with many types of cutting tool. The tube surface must be cut, not indented. Professional and production work is best handled with recommended cutters. **NOTE:** Copper tube rotary cutters will not cut cross-linked polyethylene unless equipped with a special blade for cutting plastic pipe. All cuts should be reasonably straight, even, and free of chips and slivers.

Standard terms are 2% 10th Prox., Net 11th

Returns will not be accepted without prior written authorization from Cambridge-Lee Industries and a return authorization number clearly shown on all cartons and shipping documents. A 20% restocking charge will be deducted from a credit issued for authorized returns.

In the event of any defects discovered in materials and/or workmanships, Cambridge-Lee Industries liability shall be limited to repair or replacement of defective product at its sole option. Under no circumstance will Cambridge-Lee Industries be responsible for direct, indirect, special, incidental consequential or penal damages. For a copy of our product limited warranty, please contact Cambridge-Lee Industries.

All published prices are subject to change.

All other sizes not listed on this price sheet, consult Cambridge-Lee Industries for price and availability.
